

S.O.S. ENRICHMENT PROGRAM

ABOUT THE PROGRAM:

The School District of Lee County through the Department of Diversity and Inclusion and Dunbar Community School are hosting the Support Our Students (S.O.S.) Enrichment Program. The program was established in 2017 and provides a unique opportunity for students. This community-based initiative offers high school students, including students beginning high school during the 2022-2023 academic year, exceptional learning opportunities, cultural arts, and career enrichment activities that inspire them to discover, embrace, and appreciate their self-worth. This summer program also includes an opportunity for students to receive a stipend after successful completion.

For additional information, please contact the Department of Diversity & Inclusion at (239) 335-1588. If you have additional students that are interested in enrolling this year in the Support Our Students Program, please visit Dunbar Community School's website at: https://dcs.leeschools.net/our_students/programs to fill out an application.
