OUT-OF-FIELD TEACHERS

In an effort to ensure that all students in the School District of Lee County are provided the highest quality education by effective and skilled teachers, we are continually working to make sure all academic subjects meet the definition of "Highly Qualified" under the No Child Left Behind (NCLB) Act. In order for a teacher to meet the definition of "Highly Qualified" they must have a Bachelor's degree or higher, have full state certification, and demonstrate knowledge of the academic subject area(s) in which they teach. The following teachers are Highly Qualified, but they are out of field and are currently working toward the needed endorsement.

En un esfuerzo por asegurar que todos los estudiantes en el Distrito Escolar del Condado de Lee reciban educación de la más alta calidad por maestros efectivos y capacitados, trabajamos continuamente para asegurarnos de que todas las materias académicas cumplan con la definición de "Altamente Calificado" bajo la ley No Child Left Behind (NCLB). Para que un maestro cumpla con la definición de "altamente calificado", debe tener una licenciatura o un título superior, tener una certificación estatal completa y demostrar conocimiento de las materias académicas en las que enseña. Los siguientes maestros están altamente calificados, pero están fuera del campo y actualmente están trabajando para obtener el respaldo necesario.
